

## Swag labs "Mobile App"

### Bug\_001:

**Title:** Error message displays only "Username is required" when both fields are empty on Login Page

**Description:** On the Login Page, when the user leaves both Username and Password fields empty and clicks on the Login button, the system displays only the message "Username is required", while the Password field error message is missing.

### Steps:

1. Open "Swag Labs Mobile App".
2. Leave both Username and Password fields empty.
3. Click on Login Button.

**Expected Result:** Error messages should be displayed for both fields:

- "Username is required."
- "Password is required."

**Actual Result:** Only the error message "Username is required" is displayed.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

The screenshot displays the Swag Labs mobile application interface. At the top, the Swag Labs logo is visible. Below it, there are two input fields: "Username" and "Password". The "Username" field is highlighted with a red border and a red "x" icon, indicating an error. A red error message "Username is required" is displayed below the "Username" field. The "Password" field is also present but does not show an error message. At the bottom, there is a red "LOGIN" button.

### Bug\_003:

**Title:** Password and Username Clear (X) icon is not clickable on Login Page

**Description:** On the Login Page, after entering text into the Password field, clicking on the Clear (X) icon should clear the entered password. However, the button is not responsive and does not perform any action.

### Steps:

1. Open "Swag Labs Mobile App".
2. Enter invalid data in Username field.
3. Enter any text in Password field.
4. Click on login button
5. Click on the Clear (X) icon inside the Password field.

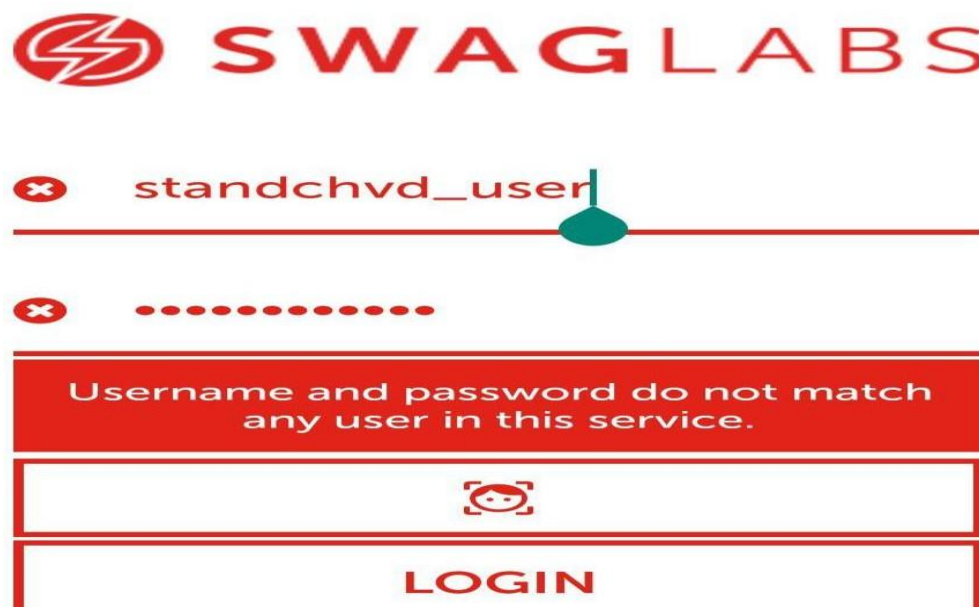

**Expected Result:** The Password and Username field should be cleared (emptied) when the Clear (X) icon is clicked.

**Actual Result:** The Clear (X) icon is not clickable, and the entered text remains in the Password field.

**Severity:** Minor

**Priority:** Low

**Screenshot:**

### Bug\_003:

**Title:** Product Image Zoom on Product Details Page Has No Limit and Overlaps Page Content

**Description:** On the Product Details Page in the *Swag Labs Mobile App*, the user can zoom in on the product image without any limitation. When zoomed excessively, the image overlaps other elements on the page such as the product name, description, and price, making them unreadable.

### Steps:

1. Open Swag Labs Mobile App.
2. Log in with valid credentials
3. Navigate to any product (e.g., *Sauce Labs Backpack*).
4. On the Product Details Page, try to zoom in on the product image using pinch gestures

**Expected Result:** The zoom feature should have a maximum limit so that the image remains within its designated area and does not overlap with other UI elements.

**Actual Result:** The product image can be zoomed in indefinitely, causing it to cover and overlap text content (name, description, and price) on the Product Details Page.

**Severity:** Minor

**Priority:** Low

**Screenshot:**

#### Bug\_004:

**Title:** Cart data is not saved after restarting the app

**Description:** When the user adds items to the cart in the "Swag Labs Mobile APP", the cart data should remain saved even after closing and reopening the app. However, after restarting the app, all added products are lost and the cart becomes empty.

#### Steps:

1. Open "Swag Labs Mobile APP".
2. Login using valid credentials (Username: standard\_user, Password: secret\_sauce).
3. Add one or more products to the cart.
4. Close the app completely.
5. Reopen the app and log in again.
6. Open the cart page.

**Expected Result:** Previously added products should remain in the cart after reopening the app.

**Actual Result:** The cart is empty after the app is restarted.

**Severity:** Major

**Priority:** High

**Screenshot:**

**Bug\_005:**

**Title:** System Accepts Invalid First Name Format

**Description:** System accepts invalid First Name format ("@@@@") instead of displaying an error message.

**Steps:**

1. Open "Swag Labs Mobile APP".
2. Login with valid credentials (standard\_user / secret\_sauce).
3. Add any product to the cart and proceed to Checkout.
4. Enter @@@@ in the First Name field.
5. Fill other fields correctly.
6. Click Continue.

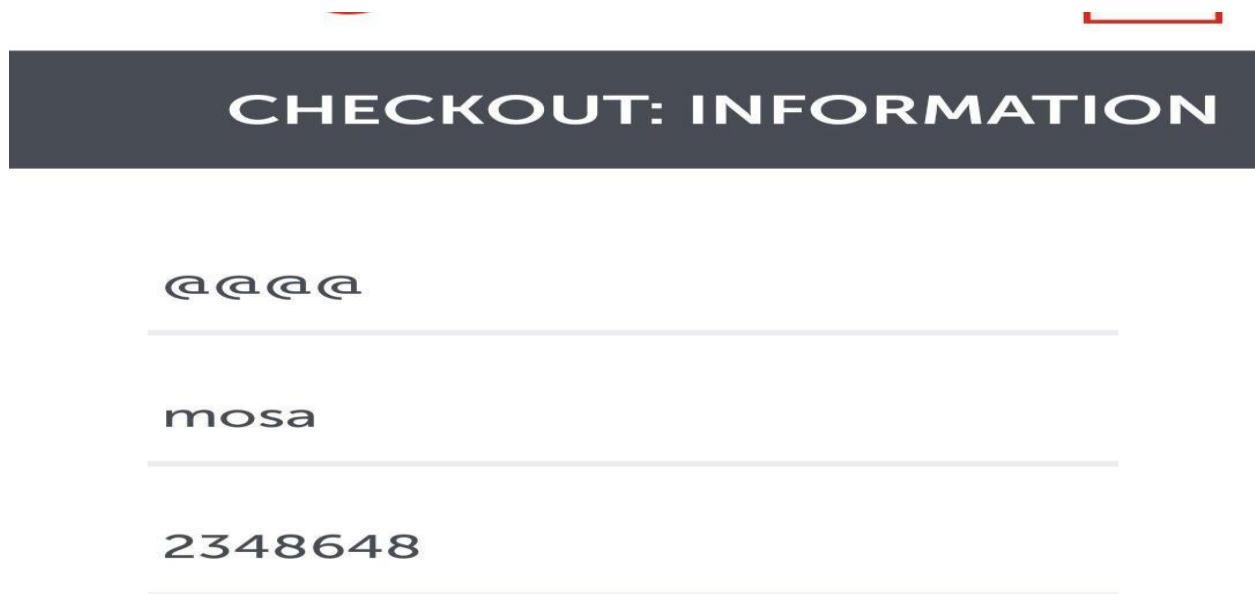

**Expected Result:** System should show error message.

**Actual Result:** System allows proceeding to the next page (Overview Page) without showing any validation error.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

**Bug\_006:**

**Title:** System Accepts Invalid Last Name

**Description:** System accepts invalid Last Name ("@@@@") without showing validation error.

**Steps:**

1. Login to "Swag Labs Mobile APP".
2. Add a product to the cart → Checkout.
3. Enter valid First Name and Postal Code.
4. Enter @@@@ in the Last Name field.
5. Click Continue.

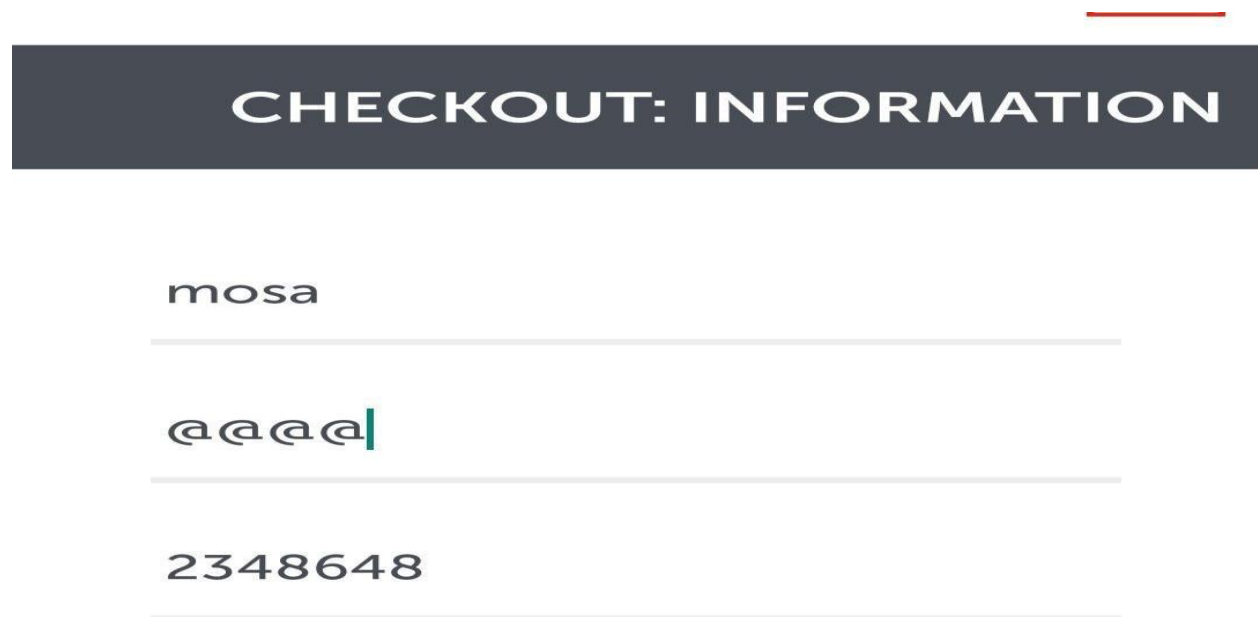

**Expected Result:** Error message "Invalid Last Name format" should appear.

**Actual Result:** System continues to the Overview Page without displaying any error message.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

A screenshot of a checkout form titled "CHECKOUT: INFORMATION". The form contains three input fields. The first field is labeled "First Name" and contains the text "mosa". The second field is labeled "Last Name" and contains the text "aaaaa" with a green cursor at the end. The third field is labeled "Postal Code" and contains the text "2348648".

**Bug\_007:**

**Title:** System Accepts Invalid Postal Code

**Description:** System accepts invalid Postal Code ("@@@@") instead of prompting an error.

**Steps:**

1. Login to "Swag Labs Mobile APP".
2. Add a product to the cart → Checkout.
3. Enter valid First Name and Last Name.
4. Enter @@@@ in the Postal Code field.
5. Click Continue.

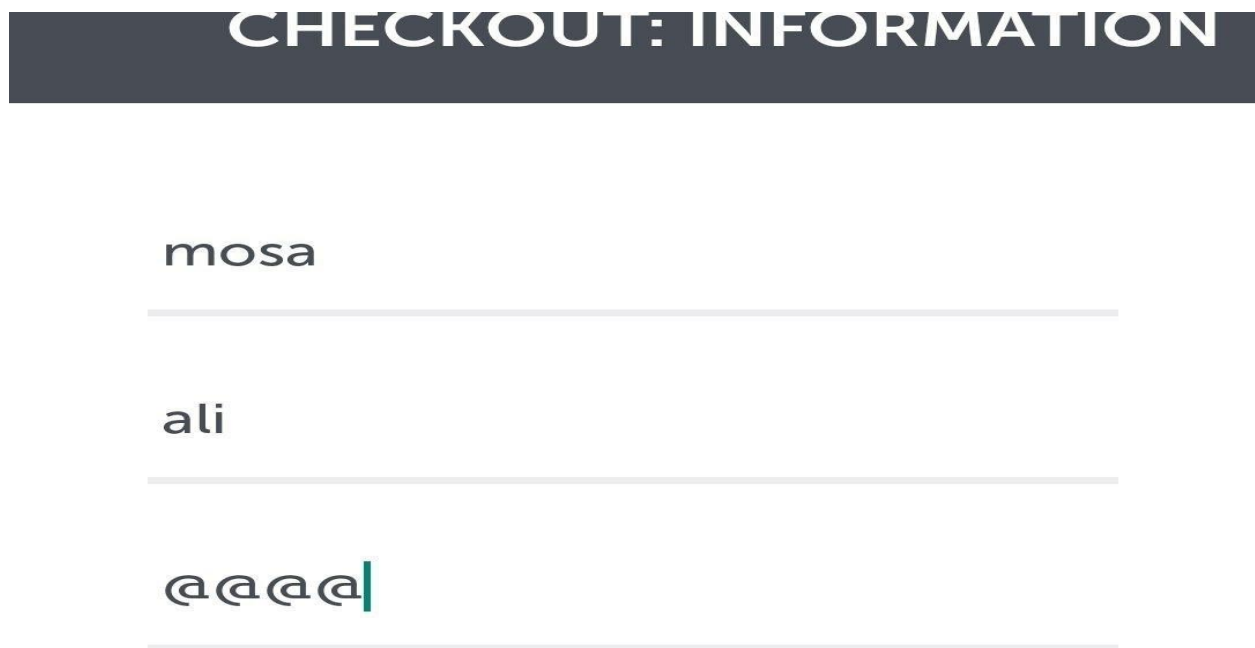

**Expected Result:** System should show "Invalid Postal Code format" message.

**Actual Result:** System proceeds to the Overview Page without displaying any validation error.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

The screenshot displays a checkout form titled "CHECKOUT: INFORMATION". It contains three input fields. The first field, labeled "First Name", contains the text "mosa". The second field, labeled "Last Name", contains the text "ali". The third field, labeled "Postal Code", contains the text "aaaaa" followed by a green cursor. The form is styled with a dark header bar and light gray input fields.

**Bug\_008:**

**Title:** Facebook icon in the footer is not clickable

**Description:** When the user taps the Facebook icon in the footer, the app does not redirect to the official Facebook page.

**Steps:**

1. Open the Swag Labs mobile app.
2. Log in using valid credentials.
3. Navigate to the Products Page.
4. Scroll to the bottom of the page.
5. Tap the Facebook icon in the footer.

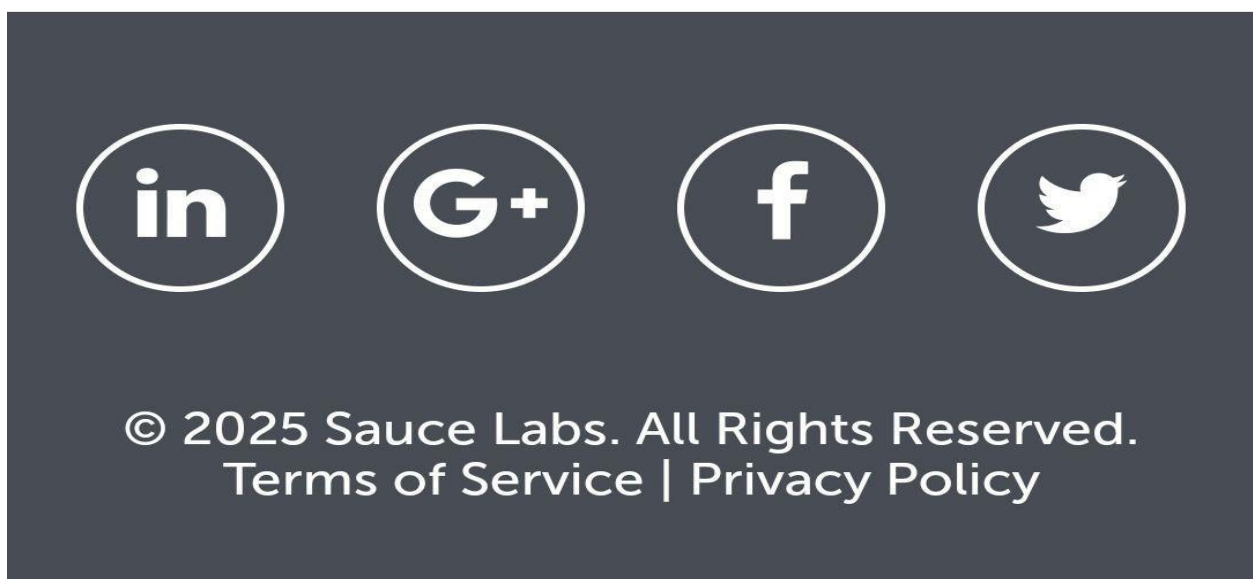

**Expected Result:** The app should open the official Swag Labs Facebook page using the in-app browser or external browser.

**Actual Result:** Nothing happens when tapping the Facebook icon.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

**Bug\_00G:**

**Title:** LinkedIn icon in the footer is not clickable

**Description:** When the user taps the LinkedIn icon in the footer, the app does not redirect to the official LinkedIn page.

**Steps:**

1. Open the Swag Labs mobile app.
2. Log in using valid credentials.
3. Navigate to the Products Page.
4. Scroll to the bottom of the page.
5. Tap the LinkedIn icon in the footer.

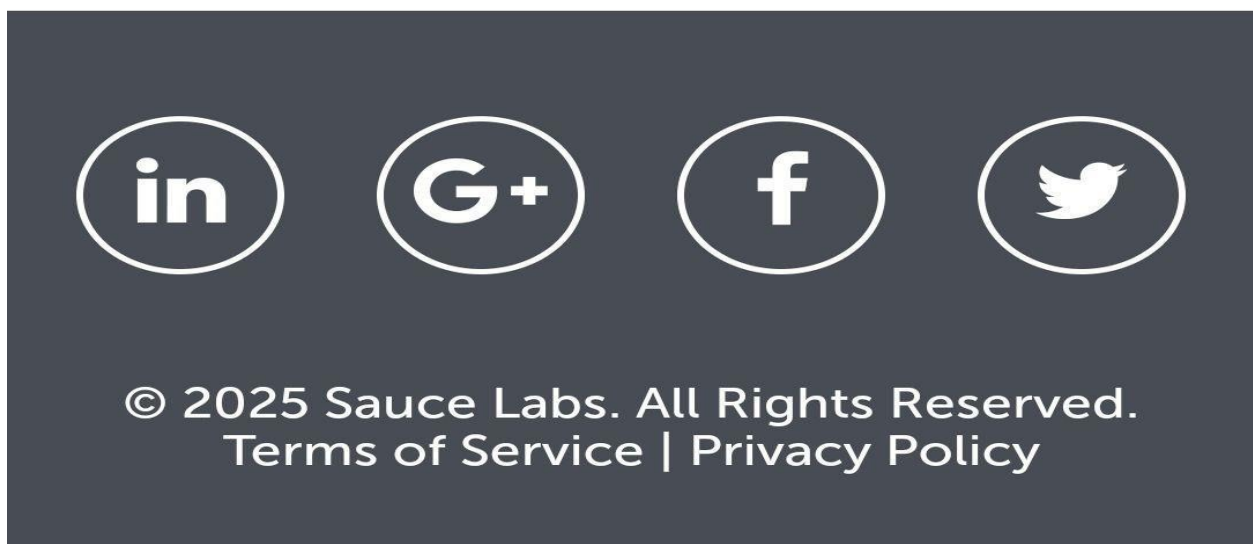

**Expected Result:** The app should open the official Swag Labs LinkedIn page using the in-app browser or external browser.

**Actual Result:** Nothing happens when tapping the LinkedIn icon.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

**Bug\_010:**

**Title:** Twitter icon in the footer is not clickable

**Description:** When the user taps the Twitter icon in the footer, the app does not redirect to the official Twitter page.

**Steps:**

1. Open the Swag Labs mobile app.
2. Log in using valid credentials.
3. Navigate to the Products Page.
4. Scroll to the bottom of the page.
5. Tap the Twitter icon in the footer.

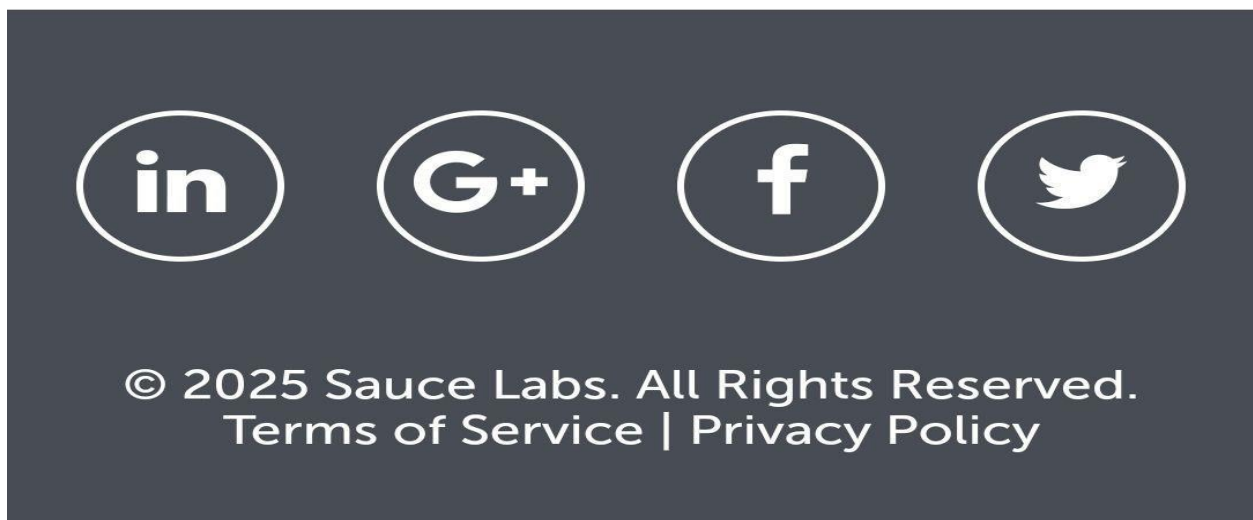

**Expected Result:** The app should open the official Swag Labs Twitter page using the in-app browser or external browser.

**Actual Result:** Nothing happens when tapping the Twitter icon.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

**Bug\_011:**

**Title:** Terms of Service | Privacy Policy link in the footer is not clickable

**Description:** The Terms of Service | Privacy Policy link is displayed but cannot be clicked.

**Steps:**

1. Open the Swag Labs mobile app.
2. Log in successfully.
3. Navigate to the Products Page.
4. Scroll to the footer.
5. Tap on the Terms of Service | Privacy Policy link.

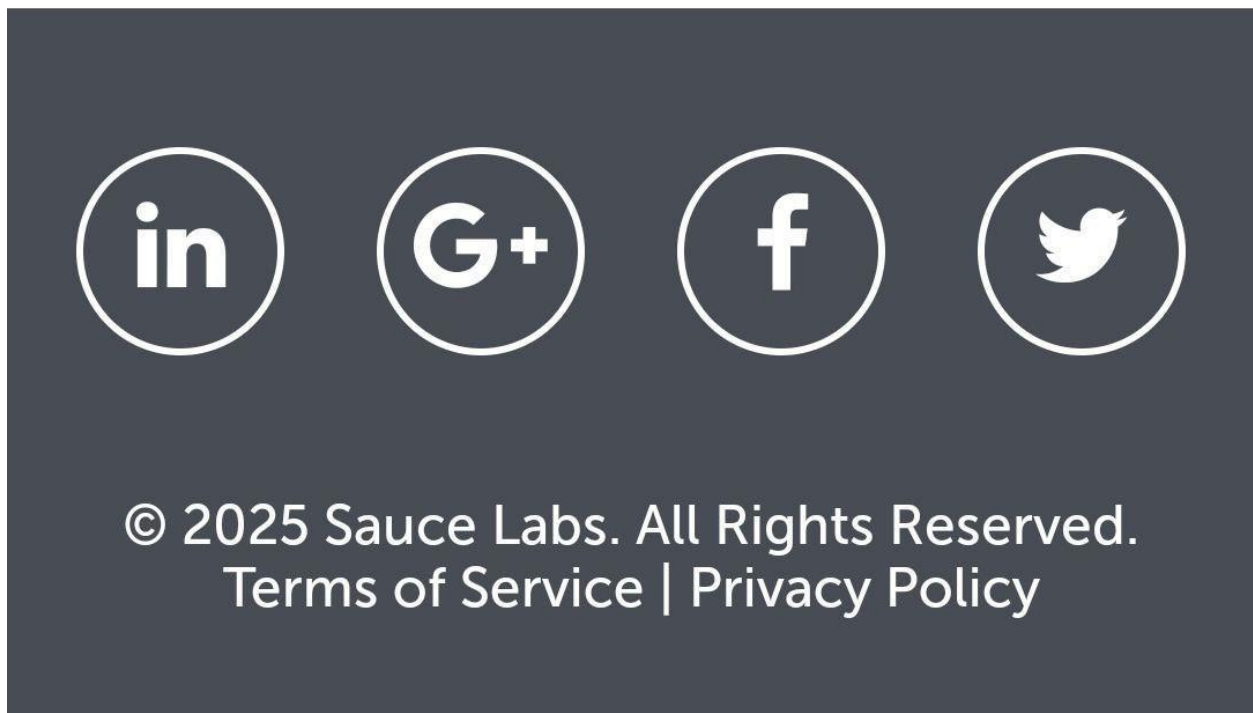

**Expected Result:** The link should open the respective Terms of Service or Privacy Policy page.

**Actual Result:** The link is not clickable and no action occurs.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

**Bug\_012:**

**Title:** Google+ icon in the footer is not clickable

**Description:** The Google+ icon is visible in the footer but not clickable. The service is discontinued, so the icon should not appear.

**Steps:**

1. Open the Swag Labs app.
2. Log in successfully.
3. Go to the Products Page.
4. Scroll to the footer.
5. Tap on the Google+ icon.

**Expected Result:** The Google+ icon should either be removed or replaced with a valid social media link.

**Actual Result:** The icon is visible but not clickable.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

### Bug\_013:

**Title:** “WebView” option in the menu does not open the Swag Labs website inside the app

### Description:

When selecting the “WebView” option from the application menu, nothing happens. The option should open the Swag Labs website within the app using an embedded browser (WebView), but it fails to respond.

### Steps:

1. Open the Swag Labs Mobile App.
2. Log in using valid credentials.
3. Tap on the menu icon (≡) in the top-left corner.
4. Select the “WebView” option.

**Expected Result:** The Swag Labs website opens when the user click on the WebView.

**Actual Result:** No action occurs after selecting the WebView option.

**Severity:** Medium

**Priority:** Medium

**Screenshot:**

## Bug\_014

**Title:** "ADD TO CART" button is not working for Sauce Labs Bike Light

### Description:

When logging in using the problem\_user account, the "ADD TO CART" button for the Sauce Labs Bike Light product does not respond.

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Add To Cart for Sauce Labs Bike Light

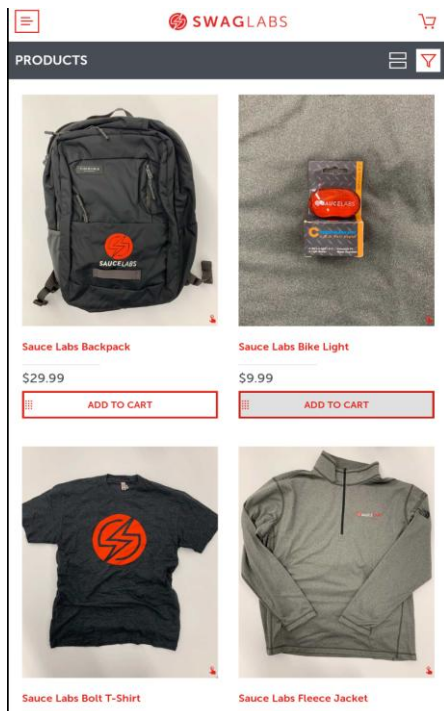

**Expected Result:** Button changes to "Remove", cart icon updates to one.

**Actual Result:** No action occurs after clicking ADD TO CART.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_015

**Title:** "Remove" button is not working for Sauce Labs Backpack

### Description:

When logging in using the problem\_user account, the "remove" button for the Sauce Labs Backpack product does not respond.

### Steps:

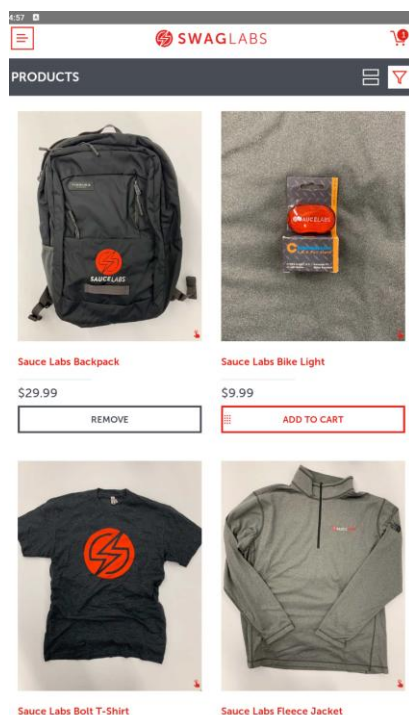

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Add To Cart for Sauce Labs Backpack
6. Click on Remove for Sauce Labs Backpack **Expected Result:** Button changes to "Remove", cart icon updates to one.

**Actual Result:** No action occurs after clicking remove.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_016

**Title:** clicking on sauce labs Backpack image redirect to wrong product details page

### Description:

When clicking on the Sauce Labs Backpack product image on the products listing page, the user is redirected to the wrong product details page.

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Sauce Labs Backpack image

**Expected Result:** Product name, image, description, and price displayed

**Actual Result:** Redirected to wrong Product Details page.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_017

**Title:** clicking on "ADD TO CART" button on view product details page is not working

### Description:

When attempting to add a product to the cart from the Product Details (Item Page) by clicking the "ADD TO CART" button, nothing happens.

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Sauce Labs Backpack image
6. Scroll down and click on Add To Cart

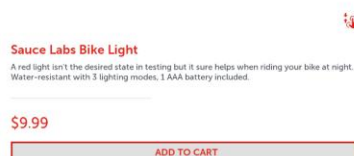

**Expected Result:** Item added, cart count updates to one

**Actual Result:** No action occurs after clicking Add To Cart.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_018

**Title:** clicking on "remove" button on view product details page is not working

### Description:

When attempting to remove a product from the cart from the Product Details (Item Page) by clicking the "remove" button, nothing happens.

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Sauce Labs Onesie
6. Scroll down and click on Add To Cart
7. Click on Remove

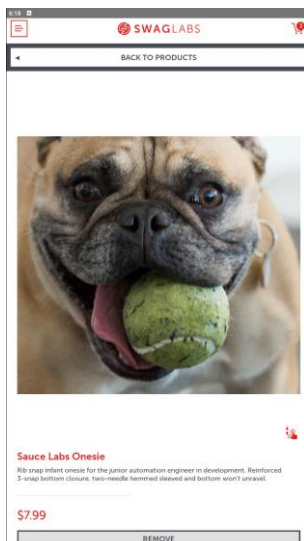

**Expected Result:** Item removed, cart count updates to zero

**Actual Result:** No action occurs after clicking remove.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_019

**Title:** typing on Last Name Field the Value of Frist Name change

### Description:

When typing into the Last Name field on the checkout information page, the value in the First Name field changes automatically.

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Sauce Labs Onesie
6. Scroll down and click on Add To Cart
7. Click on Remove

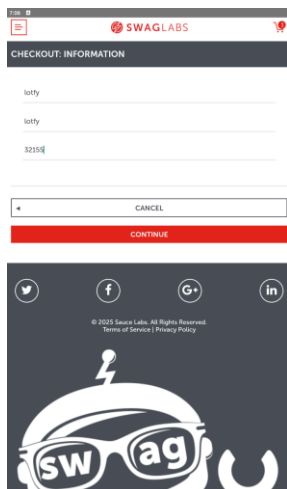

**Expected Result:** Item removed, cart count updates to zero

**Actual Result:** No action occurs after clicking remove.

**Severity:** Medium

**Priority:** High

### Screenshot:

## Bug\_020

**Title:** thanks message has no "Y" at your order

### Description:

When a user places an order, the "Thank You" message displayed on the order confirmation page is missing the letter "Y" in the word "Your." The message currently shows as " thank you for you order" instead of " thank you for your order!."

### Steps:

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Cart icon on the top right part of the app
6. Click on checkout
7. Enter "Mhmd" on First Name Field
8. Enter "Lotfy" on Last Name Field
9. Enter "32155" on Postal Code Field
10. Click on CONTINUE
- 11- click on finish

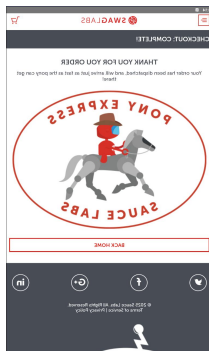

**Expected Result:** Success message "Thank you for your order!" displayed

**Actual Result:** thanks message has no "Y" at "your order"

**Severity:** Medium

**Priority:** High

### Screenshot:

**Bug\_021**

**Title:** order completed with empty cart

**Description:**

The system allows a user to complete an order even when the shopping cart is empty. After proceeding through the checkout process without adding any items, the order is marked as completed, which is unexpected behavior. The system should prevent checkout when the cart contains no items.

**Steps:**

1. Open "Swag Labs Mobile APP" from your phone
2. Enter "problem\_user" in User Name Field
3. Enter "secret\_sauce" in Password Field
4. Click on Login Button
5. Click on Cart icon on the top right part of the app
6. Click on checkout
7. Enter "Mhmd" on First Name Field
8. Enter "Lotfy" on Last Name Field
9. Enter "32155" on Postal Code Field
10. Click on CONTINUE
- 11- click on finish

**Expected Result:** Error message displayed

**Actual Result:** order completed with no orders at cart

**Severity:** Medium

**Priority:** High

**Screenshot:**
